Dear Heather,

I am so thankful for the opportunity of job shadowing at the Humane Society. Even though I didn't interact with the animals as much as I thought I would, it was still a blast! Just giving a helping hand with whatever needed to be done around there was a real treat. I learned a lot about pet adoptions and how that works. I also love the staff's attire there, they have such great style! Kate was really great! Every time we entered the building she was there to greet us and tell us where to go and what to do. Going to the Humane Society really showed me that there are a lot of people out there who care for the well being of animals. I really appreciate the experience I was given. Thank you!!

Sincerely,

Victoria Soto
