Ms. Heather Schoeppach
Butte Humane Society
2579 Fair Street
Chico, California

Dear Ms. Schoeppach,

I wanted to thank you for allowing us to job shadow the many people that work at the Humane Society. I had a fun and learned a lot about animals. Every one was really nice and had unique personalities. The kennels were nice and clean most of the time. I admire that each person takes time out of their day to help out the community.

There are a lot of things that can be learned at the Humane Society. For example; it can get really chaotic, a cat nose should be damp not wet, how to hold a cat when it is getting its blood drawn, and that any animal shelter has to keep files for every animal for seven year before they can get rid of it. Kate is really good at what she does. She helped all of the ACE-LIFE students with whatever we needed to be done. The shelters animal health technician was interesting to talk with. He told us why each animal has to get his blood drawn. He was every informative. I respect people that work in Animal shelters everywhere. Everyone there has to be very dedicated to animals and to not get attached to any of them.

I really appreciate that you let me come in to your busy lives and job shadow. Thank you for letting me have such a valuable and great experience.

Sincerely,

A handwritten signature in cursive script, appearing to read "Shaneen Casada".
